# Road Management Plan 2025 Community Engagement Report

wyndhamcity
city. coast. country

# Project background

This engagement process sought feedback from community on the Draft Road Management Plan 2025. This plan guides how Council manages the network of roadways, pathways and road related infrastructure. This also includes how they are maintained and repaired.

This updated draft aims to:

- help provide a safe and efficient road network for our community
- set the standards for inspections, maintenance and repairs of roads
- consider objectives, community expectations and available funding

Public exhibition of the Draft Road Management Plan was from 28 August to 24 September. The engagement invited participants to share any feedback they had on the plan via an online survey hosted on The Loop.

There were a total of 32 contributions which were noted. No changes were made to the draft Road Management Plan as a result of feedback received other than the inclusion of vehicle crossover responsibility diagrams.

# Analysis of feedback

### Q1: Share your feedback on the Draft Road Management Plan below:

The responses were grouped into different themes and are outlined below.

No changes were made to the Draft Road Management Plan as a result of any responses received during the engagement period, other than inclusion of vehicle crossover responsibility diagrams which were omitted.

Responses that were deemed not related were either forwarded on to the relevant Council area for response or to Customer Service for further assistance.

| Feedback | Action / response |
|---|---|
| Nine submissions related to capital works projects or requested specific road upgrades at different locations around Wyndham. | Road upgrades and capital projects are not covered by the Road Management Plan therefore these comments have not been considered for Road Management Plan 2025 and have been forwarded to relevant departments. |
| Six submissions related to complaints regarding declared arterial roads. | Declared arterial roads are the responsibility of the Department of Transport and Planning and therefore are not covered by the Road Management Plan. Therefore, these comments have not been considered for Road Management Plan 2025. |
| Four submissions were supportive of the Road Management Plan in its current form. | The submissions are noted. |
| Four submissions related to road safety concerns. | Road safety is not covered by the Road Management Plan therefore these comments have not been considered for Road Management Plan 2025 and have been forwarded to relevant departments. |
| Three submissions related to concerns around housing development outpacing infrastructure delivery. | Development approvals and infrastructure delivery are not covered by the Road Management Plan therefore these comments have not been considered for Road Management Plan 2025 and have been forwarded to relevant departments. |
| Two submissions related to parking enforcement. | Parking enforcement is not covered by the Road Management Plan therefore these comments have not been considered for Road Management Plan 2025 and have been forwarded to relevant departments. |

| | |
|---|---|
| Two submissions raised concerns with the Draft Road Management Plan. The issues were:<br>• Inspection frequencies<br>• Clarity of vehicle crossover responsibilities<br>• Pothole size intervention level, and suitability for cyclists<br>• Inspection and rectification timeframes for roads, kerb and footpaths<br>• Transparency and reporting<br>• Community engagement question | The submissions are noted, and feedback has been considered. The diagrams outlining vehicle crossover responsibilities from Road Management Plan 2021 which were omitted have been included. Due to the generally positive feedback regarding the draft plan and the very low volume of concerns received, no further changes to the RMP are proposed. Further discussion of these points has been provided in Road Management Plan Review Report 2025. |
| Two submissions questioned whether Council implements the requirements of the Road Management Plan. | The submissions are noted; however, Council has records demonstrating ongoing compliance with the Road Management Plan and therefore no changes to Road Management Plan 2025 are proposed. |
| Ten submissions provided either no feedback or no meaningful feedback | No action |

# Next steps

The final plan will be presented to Council on 28th October 2025 and subject to adoption at this meeting, will commence immediately following endorsement.
